Our residence is still not depicted on your (new) maps. We are located on Sheet 4, near (too near) proposed lines 39 and 41. We have lived here for nearly 20 years. There are other missing houses. Are you aware that these proposed lines are cutting through the Sangre de Cristo Ranches? It is interesting that the houses are shown in the Forbes Park (a gated community, home to a local politician) just up the road, but our houses are not shown and the lines will run very close, too close, to our houses. These lines also run through a green/recreation area on the Sangre de Cristo Creek that was established by Forbes years ago. Please research better maps and avoid subdivisions and green/recreation areas whether they are gated or not or have local politicians living there or not.
